BOOK SYNOPSIS

Alexander and Alexander's best-selling AMERICAN PUBLIC SCHOOL LAW sets the standard for books in educational law, an increasingly vital area of expertise for today's school and district administrators. Now in its Eighth Edition, this combined textbook/casebook provides an authoritative and comprehensive view of the law that governs the public school system of the United States, including common law, statutes, and constitutional laws as they affect students, teachers, and administrators. Featuring civil and criminal cases selected from hundreds of jurisdictions and newly updated to reflect the latest legal trends and precedents, the book reviews key laws and relevant court decisions. The case method offers ample opportunity for discussions aimed at discovering and exposing the underlying rules and reasoning, and the text actively encourages readers to relate factual situations to the law while anticipating similar experiences they may have as practicing teachers and administrators. Written in an engaging and accessible style, AMERICAN PUBLIC SCHOOL LAW, Eighth Edition, explains even complex points of law clearly and effectively for non-lawyers, and the authors maintain a diligent focus on the unique needs of professional educators preparing for successful careers in administration. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
