BOOK SYNOPSIS

The Aletheon is a fathomless gift to the world immense in both its scope and profundity. It is a supreme masterpiece of wisdom, instruction, and Divine Self-Revelation. During the final three years of his life, Avatar Adi Da created this scripture moved by his indefatigable impulse to say everything to everyone. His work on The Aletheon ended on the very day of his passing when he called for the title page of The Aletheon and finalized the wording on that page, thereby forever bringing to a close his final great writing-labor of love. What is unique about The Aletheon is that it was written after that time of submission to ordinary beings had been completed, when Avatar Adi Da was demonstrating the culminating phase of his outshining revelation. In writing The Aletheon, Avatar Adi Da had utterly relinquished his previous modes of self-submission and teaching, and expressed only his own purest communication of Truth.
